

2 Ply Monofilament White Nipple Top

Application

For bread molder/panner and slicing applications.

Technical Data

	Imperial
Working Tension	80 PIW
Number of Plies	2
Top Surface	Nipple Top
Bottom Surface	Friction
Overall Gauge (Approximate)	0.110 in.
Weight (Approximate)	0.51 lbs/sq.ft.
Bottom Coefficient of Friction	0.20 (approx.)
Minimum Recommended Pulley Diameter	2.0 in.
Working Temperature	14 to 158 F
Joining Method	Finger Splice
