MAM-04H

Application

Feeder belt, folder belt, machine tape, mail handling/mail sorting belt and paper handling belt.

Technical Data

| | Imperial |
|--------------------------------------------|------------------------|
| Working Tension | 17 PIW |
| Top Surface | Fine Structure |
| Bottom Surface | Rough Structure |
| Overall Gauge (Approximate) | 0.060 in. |
| Weight (Approximate) | 0.29 lbs/sq.ft. |
| Bottom Coefficient of Friction | 0.70 (approx.) |
| Minimum Recommended Pulley Diameter | 0.60 in. |
| Working Temperature | -22 to 140 F |
| Recommended Joining Method | Finger Splice |
| | Butt Splice |
